

ICDD PRODUCT INSTALLATIONS FOR RELEASE 2020

C. Weth, J. Blanton, B. Hish
International Centre for Diffraction Data
Newtown Square, PA

Our installations are very versatile and support many computer configurations. The PDF® 2020 product installations include PDF-4+, PDF-4 Minerals, PDF-4 Axiom, PDF-4 Organics, WebPDF-4+ and PDF-2. Each product supports Vista, Windows 7, Windows 8/8.1, and Windows 10. A customer will be prompted in his/her native language, if it is English, French, Russian, Japanese or Chinese.

This presentation will discuss the design and testing of the installations, including PDF-4 Axiom, our new product for Benchtop Systems. It will also show how new improvements have streamlined our product registration.
