

International Centre for Diffraction Data

Plenary Schedule
Tuesday, 13 March 2018

9 a.m. – 9:15 a.m.

Introductions – Tom Blanton

9:15 a.m. – 9:50 a.m.

Daniel Louër

An Overview of Powder Diffraction Studies at Rennes: 1964 to 2004

CNRS and University of Rennes
France

9:55 a.m. – 10:30 a.m.

Reinhard Kleeberg

Qualitative and Quantitative Mineral Phase Analysis of Clay Bearing Rocks – a Substantial Challenge

Institut für Mineralogie, TU Bergakademie Freiberg
Germany

Break: 10:30-10:45 a.m.

10:45 a.m. – 11:20 a.m.

Artem Abakumov

*Quantitative Electron Diffraction and Powder X-Ray Diffraction:
A Perfect Marriage*

Skolkovo Institute of Science and Technology
Russia

11:25 a.m. – 12:00 noon

Charlene Greenwood

Biomaterial Research: The Capabilities of X-ray Diffraction

Cranfield University, CFI
United Kingdom
