

PDF-2 Release 2005 License Extension by Fax

Tutorial for Extending the License of
a PDF-2 Release 2005 for an
Additional Five (5) Years

Note:

- If you also have a license for DDView Release 2005 or ICDD Suite Release 2005, you must perform the license extension procedure for those products separately.
- This tutorial shows the fax procedure. If you wish to submit the registration by email, see the Email License Extension Tutorial.

Extension Information

ICDD will extend your original license for an additional five (5) years, free of charge, providing that the licensed user has the same organization name and address (i.e., the registered user) and the product license has not been previously renewed or converted to a PDF-4 product. Upon receipt of your registration information, ICDD will confirm your eligibility for license extension.

Extension Information

When verified, ICDD will issue a new license key within 48 hours of receipt of the information (Monday through Friday). If you have not heard from us within 48 hours, kindly fax us your registration (610.325.9823) noting that it is a second request or call us at 610.325.9814 or toll free at 866.378.9331 (U.S. & Canada Only).

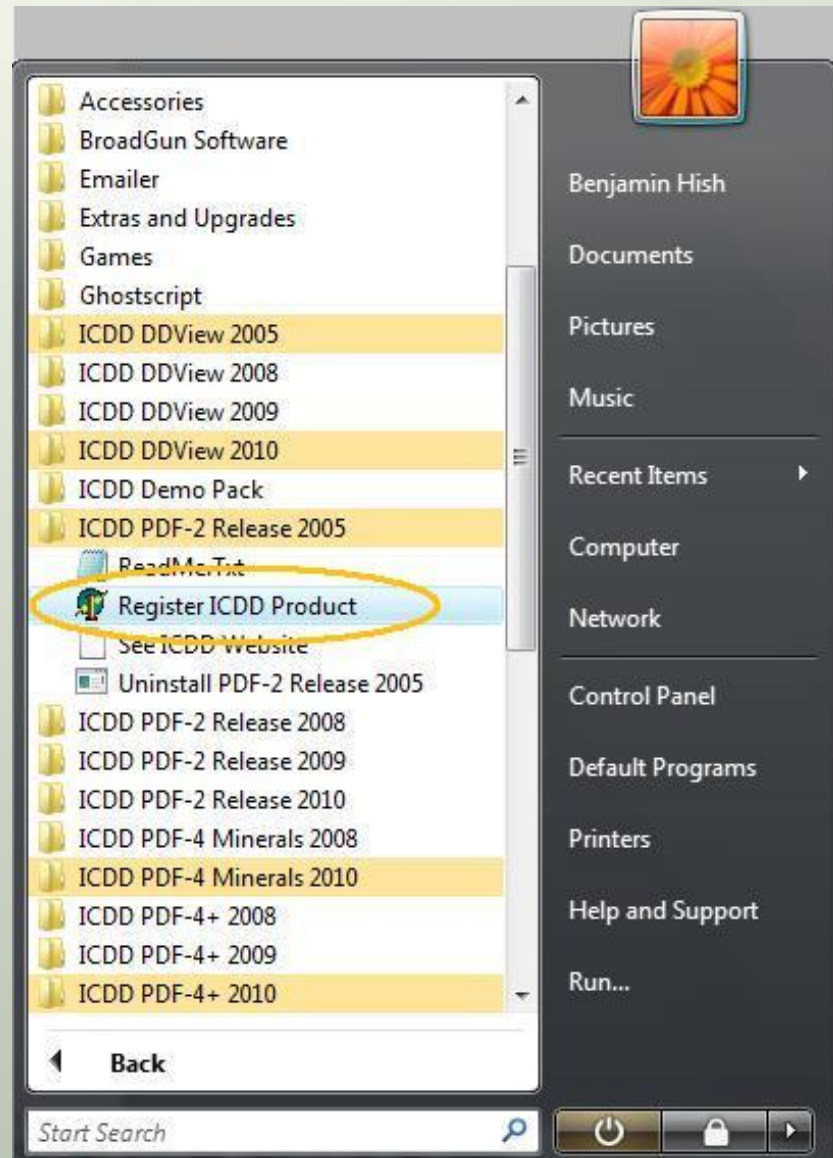

Getting Started

- You will need your product serial number. The product serial number can be found on the product license envelope, the product media case, and on the product CD.
- You will also need to check your computer specifications. ICDD tests each product release on the then current operating systems that were readily available. ICDD will support the published computer specifications for the product release year. ICDD does not guarantee product functionality or compatibility with subsequent changes in computer/hardware platforms.

Release 2005 Products	PDF-2 Release 2005	DDView/Sleve 2005

Registration Wizard

- Select, “Print it for sending by fax or mail”
- Press Next

To register your PDF-2 product

: Submit registration information :

Please choose one of six available options to submit your registration information to the ICDD and click Next. Please note that submission by email requires a correctly installed MAPI compliant email program on your system. If your email program does not support MAPI you can copy the registration information to the clipboard, compose a new message with your email client, and paste the registration information into the body of your message.

- Copy it to the clipboard for pasting into ICDD Registration Web Site
This PC must be connected to the Internet before using the web option.
- Submit it by E-mail (Automatic Email Response)
- Print it for sending by fax or mail
- Save it as text file for sending as email attachment
- Copy it to the clipboard for pasting into an email message
- If you encounter a problem with your registration send to ICDD support
