

TWO POSSIBLE VARIANTS OF A SINGLE CRYSTAL FORM OF AN API AND HOW TO FILE SUCH A PRODUCT

Peter Varlashkin, Stacey Long, Richard Winnike, Jacalyn Clawson, Joanne
Anderson, and My-Nga Nguyen, GlaxoSmithKline, Durham, NC
Tom O'Connell, UNC, Chapel Hill, NC

PXRD and other spectroscopic data of two possible variants of a single crystal form for an API in development will be presented. The ICH decision tree #4 and the aspects of "Quality by Design" for such an API and the implications for a regulatory filing will be discussed.
