

ICDD continues to work with vendors to have the database work seamlessly with a wide range of commercial data analysis programs. ICDD vendors provide ICDD products throughout the world. Vendors frequently offer additional services such as state-of-the-art X-ray analysis hardware, sophisticated custom software integration and regional support services. Many equipment manufacturers have offices worldwide, while regional distributors may represent several countries. Please visit their web sites for a complete list of their local branches.

Customers in Japan, Korea and Russia must order through an ICDD licensed vendor.

Information updated as of 30 June 2009.

Sales & Marketing Team

Left to right: Ben Hish, Helen McDonnell, Christine Naughton, Georgia Kazimierczak and Jenny-Rebecca Cannon.

The goal of ICDD's Sales and Marketing Team is to service the global scientific community with the best customer service, product information and order processing possible. Friendly, courteous, and professional, the members of the team are making this goal a reality.
