1. Welcome Remarks L. Liu
2. Appointment of Minutes Secretary Steph Jennings
3. Review of Mission Statement

Enable the polymer scattering/diffraction community to make the best use of diffraction/scattering data for analyzing polymeric materials. This includes producing databases, promoting best practices for data analysis, campaigning the national laboratories and instrument manufacturers for polymer-friendly instrumentation and software, and educating the diffraction community about issues that have a special impact on polymer characterization, and the polymer community on the significance of careful and thorough evaluation of the diffraction data.
4. Approval of the 2019 Meeting Minutes
5. Comments from Board Liaison J. Kaduk
Please note, in order for a motion to move forward, a task group (or leader) needs to be assigned and named within the motion.
