- I. Welcome Remarks L. Liu
- II. Appointment of Minutes Secretary Steph Jennings
- III. Review of Mission Statement  

Enable the polymer scattering/diffraction community to make the best use of diffraction/scattering data for analyzing polymeric materials. This includes producing databases, promoting best practices for data analysis, campaigning the national laboratories and instrument manufacturers for polymer-friendly instrumentation and software, and educating the diffraction community about issues that have a special impact on polymer characterization, and the polymer community on the significance of careful and thorough evaluation of the diffraction data.
- IV. Approval of the [2021 Meeting Minutes](#)
- V. Comments from Board Liaison J. Kaduk
- VI. ICDD Polymer Project Update T. Blanton
- VII. Discussion About Most Needed Polymer Patterns L. Liu
- VIII. Future Focus
- IX. Adjournment
